What is WeFi?

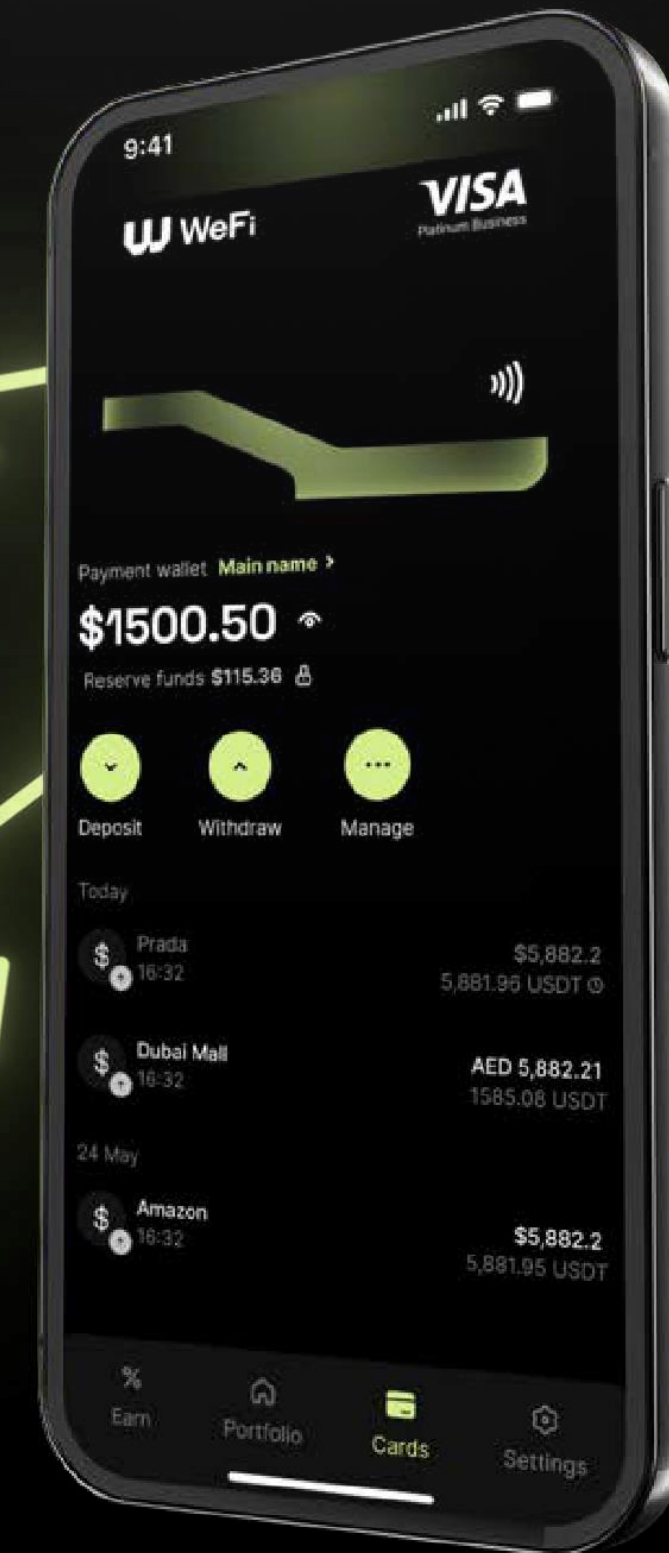

3

WeFi is not just a bank — it's a movement.

WeFi is a next-gen banking app where anyone—regardless of experience—can save, spend, and grow their money in both crypto and fiat, all in one place.

WeFi is the world's first banking app that use Web3 concept - empower community to earn money, become loyal clients and attract other clients to the product.

We're inviting the world to help build WeFi from day one.

Why the world needs change?

4

☹️ You cannot build Wealth through Banks anymore

☹️ Banks can freeze your account anytime

☹️ Traditional Banks are unfriendly to Crypto

☹️ The banking system remains closed to many - millions of people are still left out of the loop

You want to:

😊 Make money in a simple way

😊 Feel secure about your Assets

😊 Spend your money how you want it

Who Are We?

WeFi is defining a new category: The Deobank

This isn't just a bank. It's a new kind of financial system where every transaction runs on blockchain.

We bring together the traditional fiat world and the digital economy into one next-generation system.

With our digital and physical products working in harmony, WeFi gives people more freedom, transparency, and control over their money — in a simple and intuitive way.
